

Discover the FX JET Model 8 and Model 4—precision jet and conformal cooling systems engineered for performance.

Model 4: Up to 24 bar, 50 l/min, 4 mobile cabinets, 32 jet nozzles

Model 8: Up to 24 bar, 100 l/min, 8 mobile cabinets, 64 jet nozzles

Both feature energy-saving, frequency-controlled pumps and independent nozzle management for optimal flow, temperature, and heat dissipation.

Choose maximum capacity or a compact solution—FX JET adapts to your needs.
